

REGISTRATION:

There is no fee for NJSHP members attending this program. NON-MEMBERS: Non-members wishing to attend will be charged a fee of \$100 (pharmacist) & \$25 (technician).

NO REFUNDS

All members are welcome to attend. If you reserve but cannot attend, please notify us at 609.936.2205.

RESERVATIONS ARE REQUIRED BY 3PM ON 11/12/21:

[CLICK HERE](#)

TARGET AUDIENCE: The target audience for pharmacist programs are pharmacists practicing in a wide variety of healthcare systems. The target audience for technician programs are technicians practicing in a wide variety of healthcare systems.

CONTINUING EDUCATION CREDIT: The New Jersey Society of Health-System Pharmacists is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing

education. This program provides 7 contact hours of knowledge-based continuing education credits for pharmacists and technicians.

At the end of the program, attendees will receive a post-meeting assessment in their email. Completion of this will be required to record participation. CE certificates will be available only to those who complete the post-meeting assessment. *NJSHP is now using CPE Monitor to record attendance at all of our ACPE accredited programs.*

Thank you for your support!

North Chapter**

Presents

**THE 11th ANNUAL
MEDICATION SAFETY
SYMPOSIUM**

November 15th, 2021

9-5:30 pm

Virtual Platform

PROGRAM AGENDA

9:00 a.m. - 9:15 a.m.

Welcome/Opening Remarks

9:15 a.m. - 10:15 a.m

Health Systems Medication Error Prevention

Jennifer Atherton, PharmD and Lynette Richards, PharmD, BCPS

One (1) contact hour (0.1 CEU)

10:30 a.m. - 11:30 a.m.

Medication Safety Pearls

One (1) contact hour (0.1 CEU)

Wellness

Ebonique Riley, CPhT

Harm Reduction Strategies in Opioid Use Disorder

Marija Markovic, PharmD, BCPP

Epinephrine Administration during Anaphylaxis in the Inpatient Setting

Gabrielle Procopio, PharmD, BCPS

11:30 a.m. - 12:30 p.m.

Therapeutic Challenges in Older Adults Living With HIV: Polypharmacy, Drug Interactions, and Potential Inappropriate Medications

Naana Boachie, PharmD and Humberto Jimenez, PharmD, BCPS, AAHIVP

One (1) contact hour (0.1 CEU)

12:30 p.m. - 1:30 p.m.

Lunch

1:30 p.m. - 2:30 p.m.

Switching Between Antidepressants and Antipsychotics

Jihan Sufian, PharmD and Daniel Greer, PharmD, BCPP

One (1) contact hour (0.1 CEU)

2:30 p.m. - 3:30 p.m.

Back to the Basics: A Review of Methotrexate Toxicity Management

Marrisa Bowdler, PharmD and Chris Malabanan, PharmD, BCPS

One (1) contact hour (0.1 CEU)

3:30 p.m. - 4:30 p.m.

Is Your Formulary KIDs Friendly?

Ju Eun Jun, PharmD and Neli Attas, PharmD, AE-C

One (1) contact hour (0.1 CEU)

4:30 p.m. - 5:30 p.m

Medication Errors in Hospitals

Angelo Cifaldi, RPh, Esq and Satish Poondi, JD, PharmD

One (1) contact hour (0.1 CEU)

PROGRAM OBJECTIVES

Health Systems Medication Error Prevention

Jennifer Atherton, PharmD & Lynette Richards, PharmD, BCPS

St. Joseph's University Medical Center

ACPE #0152-0000-21-018-L05-P&T

Session Objectives for Pharmacists & Technicians:

1. Define medication safety terms
2. Identify safety organizations and medication error classification tools
3. Describe medication error prevention strategies

Medication Safety Pearls

ACPE #0152-0000-21-019-L05-P&T

Session Objectives for Pharmacists & Technicians:

1. Identify strategies to mitigate professional burnout and improve pharmacy professional wellness
2. Recognize the role of harm reduction strategies in reducing harmful consequences of opioid use disorder
3. Describe the use of epinephrine in the treatment of anaphylaxis

Wellness

Ebonique Riley, CPhT

St. Joseph's University Medical Center

Harm Reduction Strategies in Opioid Use Disorder

Marija Markovic, PharmD, BCPP

Hackensack University Medical Center

Epinephrine Administration During Anaphylaxis in the Inpatient Setting

Gabrielle Procopio, PharmD, BCPS

Hackensack University Medical Center

Therapeutic Challenges in Older Adults Living with HIV:

Polypharmacy, Drug Interactions, and Potential Inappropriate Medications

Naana Boachie, PharmD & Humberto Jimenez, PharmD, BACPS, AAHIVP

St. Joseph's University Medical Center

Rutgers, Ernest Mario School of Pharmacy

ACPE #0152-0000-21-020-L02-P&T

Session Objectives for Pharmacists:

1. Identify the prevalence of comorbid conditions among persons with HIV and the general adult population
2. Recognize the benefits and limitations of geriatric harm reduction tools in older adults with HIV
3. Describe use of risk reduction strategies when developing therapeutic plans for older adults with HIV

Session Objectives for Technicians:

1. Describe the risk factors for polypharmacy and adverse drug events
2. List common drug interactions observed among older adults living with HIV
3. Identify contributions clinical technicians can provide in the management of adults living with HIV

Switching Between Antidepressants and Antipsychotics

Jihan Sufian, PharmD & Daniel Greer, PharmD, BCPP

St. Joseph's University Medical Center

Rutgers, Ernest Mario School of Pharmacy

ACPE #0152-0000-21-021-L05-P&T

Session Objectives for Pharmacists:

1. Describe different titration strategies used to switch between antidepressants and antipsychotics in the same or different classes
2. Recognize adverse effects and monitoring parameters when switching between antidepressants or antipsychotics
3. Recommended appropriate regimens for titration when switching between antidepressants or antipsychotics

Session Objectives for Technicians:

1. Identify antidepressant and antipsychotic medications
2. Recognize the reasons for needing to switch antidepressants or antipsychotics
3. List adverse effects associated with antidepressants and antipsychotics

Back to the Basics: A Review of Methotrexate Toxicity Management

Marissa Bowdler, PharmD & Chris Malabanan, PharmD, BCPP

St. Joseph's University Medical Center

ACPE #0152-0000-21-022-L01-P&T

Session Objectives for Pharmacists:

1. Recognize signs and symptoms of methotrexate toxicity
2. Identify strategies to prevent toxicity in the setting of high dose methotrexate
3. Explain the treatment of high-dose methotrexate toxicity

Session Objectives for Technicians:

1. Explain the indication for use of high-dose methotrexate
2. Recognize high dose methotrexate dosing
3. Identify methotrexate adverse effects and toxicities

Is Your Formulary KIDs Friendly?

Ju Eun Jun, PharmD & Neli Attas, PharmD, AE-C

St. Joseph's University Medical Center

ACPE #0152-0000-21-023-L05-P&T

Session Objectives for Pharmacists:

1. Identify the physiologic, pharmacokinetic, and pharmacodynamic differences in children vs adults
2. Recognize medications and excipients that should be avoided in pediatrics
3. List the important factors to consider when verifying orders for pediatric patients

Session Objectives for Technicians:

1. List medications and excipients that should be avoided in children
2. Identify common side effects from the usage of inappropriate medications in children
3. Describe factors to ensure safe preparation of medications for pediatric patients

Mediation Errors in Hospitals

Angelo Cifaldi, RPh, Esq & Satish Poondi, JD, PharmD

Wilentz, Goldman and Spitzer, P.A.

Trenk Isabel Attorneys at Law

Rutgers, Ernest Mario School of Pharmacy

ACPE #0152-0000-21-024-L03-P&T

Session Objectives for Pharmacists:

1. Evaluate strategies to mitigate medication errors in the hospital pharmacy practice setting
2. Describe the importance of an event reporting system and a culture of safety built on principles of just culture in the workplace
3. Explain the legal ramifications of medication errors and their impacts on patients

Session Objectives for Technicians:

1. Identify the prevalence of medications errors
2. Recognize common medication errors in the ordering, dispensing, and preparing of medications
3. Identify medical malpractice claims and the implications for pharmacy technicians
