OBJECTIVES: (Knowledge-Based) At the completion of this activity, the participant will be able to:

Pharmacist: (Appropriate Use of Medications in the Geriatric Population—1 Contact Hour CE)

1. Define the appropriateness of medication therapy in the geriatric population using the Beers and/or Screening Tool of Older Persons’ Potentially Inappropriate Prescriptions (STOPP) criteria
2. Identify risk factors that may make the elderly more susceptible to adverse drug reactions
3. Identify difficulties with accurately measuring renal function in the elderly population

ACPE #0152-0000-19-023-L04-P

Release Date: September 19, 2019

Pharmacist: (Breaking Down Drug–Supplement Interaction—1 Contact Hour CE) Pharmacist ONLY

1. Summarize the importance and impact of drug-supplement interactions
2. Describe the mechanisms of drug-supplement interactions
3. List the major supplements that interact with prescription medications

ACPE #0152-0000-19-022-L04-P

Release Date: September 18, 2019

Pharmacist: (Emergency Department Management of Opioid Overdose and Withdrawal—1 Contact Hour CE)

1. Classify opioid withdrawal severity based utilizing Clinical Opioid Withdrawal Scale (COWS)
2. Compare opioid and non-opioid medications used for opioid withdrawal in the emergency department setting
3. Explain possible benefits of take-home naloxone kits provided by the emergency department

ACPE #0152-0000-20-006-L04-P

Technician: (Appropriate Use of Medications in the Geriatric Population —1 Contact Hour CE)

1. Identify the impact of medications on the risk of falls in certain patient populations
2. Recognize the names of potentially inappropriate medications in the elderly
3. Identify adverse effects associated with inappropriate medications utilized in the elderly

ACPE #0152-0000-19-023-L04-T

Release Date: September 19, 2019

Technician: (Emergency Department Management of Opioid Overdose and Withdrawal—1 Contact Hour CE)

1. Distinguish between routes of administration for medications used for medication-assisted treatment (MAT) in the emergency department
2. Identify brand and generic names of medications used for MAT
3. List components of take-home naloxone kits

ACPE #0152-0000-20-006-L04-T

RESERVATIONS ARE REQUIRED BY: Wednesday, February 26, 2020, by 12-noon to: [CLICK HERE](#) LIMITED TO 40 ATTENDEES. Please register early! All members and non-members are welcome to attend.

Meeting Cancellation: In case of inclement weather, please contact **(609) 936-2205**, NJSHP's headquarters, to determine if the meeting has been delayed or cancelled.

Target Audience: This CE program was planned to meet the needs of pharmacists and technicians practicing in a variety of health systems.

Program registration: There is no fee for NJSHP members attending this program.

NON-MEMBERS: Non-members wishing to attend will be charged a fee of \$25.00. Should the attendee wish to join the Society at this time, the fee will be credited toward the first year's dues.

Refunds/Transfer Registrations: Not permitted.

Handouts: Handout materials can be downloaded prior to the meeting at: <http://njshp.org/Membership/MembersOnly/Handouts.aspx>. You **must** login to see the handouts.

New Jersey Society of Health-System Pharmacists is accredited by the Accreditation Council for Pharmacy Education, as a provider of continuing pharmacy education.

This is a **knowledge-based** program for pharmacists and pharmacy technicians. This program provides **3 contact hours** of continuing education credits for pharmacists and **2 contact hours** of continuing education credits for pharmacy technicians.

This program is being sponsored by **NJSHP**.
